In Lampasas Radio Studios

Lady Badger Basketball Coach, Mark Myers visited the studios this morning, along with Rachel Miles and Kharis Castaneda. and visited with Ronnie Witcher about the girls win Tuesday night over Brownwood 62-40 at home.

Coach Myers spoke about how the team brought things together, had fewer turnovers (Coach Myers said about half), and the girls used the zone press. Coach shared how the girls wanted to try it, but he did not. It seems to have worked well, as Juliana Dwamena was able to get the ball in the right place and score 30 points and had 16 rebounds. The girls in the studios said it was like a new team, they worked together better than any other game. Tuesday's win was #18 for the Lady Badgers this season, they are now 18-7/1-5. There are 2 district games left for the ladies; tomorrow in Stephenville, (17-2/4-1), and next Tuesday in Glen Rose (22-2/5-1). If the ladies win one game they are guaranteed a playoff spot. If not, they would tie with Brownwood for a play-in. The girls said they need to make smart plays, don't rush, and be ready to mix it up. Coach says they need to be assertive. Congratulations to Coach Myers on winning 906 games, and making the playoffs 35 of the 37 years he has been coaching. If you can't make the game you can listen on KCYL am 1450 for the play by play with Darrell Brooks and the KCYL Broadcast team.

Coronavirus Update

Lampasas Radio has not heard from Dr. Hay with an update case count for Lampasas County. We will post it at lampasasradio.com when it arrives.

The State of Texas saw a whopping 14,731 new confirmed cases yesterday, and 4,213 new probable cases. 13,870 Texans are hospitalized with Covid-19.

Vaccinations...

The DSHS website shows that as of yesterday at 1:29pm, Lampasas County has had 565 people vaccinated with one dose, and 75 residents have been vaccinated with the second dose. Also, according to the DSHS website, as of 12:34pm yesterday, Texas has been sent 3,012,350 total doses of the vaccine. This indicates that zero doses were sent to Texas since the day before. Of the vaccines received, 1,923,503 doses have been administered. That is a total of 63.8% of the available vaccine. 1,603,193 Texas residents have received one dose, and 320,310 have been fully vaccinated.

We called Baylor Scott & White, and they shared that the best way to find a vaccine is to go to my.bswhalth.com and sign up there.

Mobile Vaccine Pilot Program

Governor Greg Abbott and the Texas Division of Emergency Management (TDEM) today announced the creation of the State Mobile Vaccine Pilot Program to ramp up COVID-19 vaccination efforts in underserved areas of Texas. As part of this pilot program, state mobile vaccination teams made up of Texas National Guard personnel will be deployed to five rural Texas counties — DeWitt, Marion, Real, Sherman, and Starr — to administer vaccinations to qualified Texans in those communities. Texas National Guard teams are prepared to begin vaccinations on Thursday and the Texas Division of Emergency Management is actively working with county officials to schedule their deployment.

"The State Mobile Vaccine Pilot Program will help us ramp up vaccination efforts among homebound Texans, Texans 65 years of age or older, and among communities in need," said Governor Abbott. "I thank TDEM, the Texas National Guard, as well as our participating city and county officials for working together on this important project. We will continue to develop strategies to vaccinate more Texans and keep our communities safe."
