## What's going on

It's Valentine's Day! Don't forget the card and box of candy, or flowers, or date night or whatever.

It's also a big day at Badger Gym!

Lampasas' Badger Basketball team hosts the Burnet Bulldogs in a 6:15 or 6:30pm game. The question mark to that start time has to do with the fact that it's Senior Night and there'll be a few introductions before the game of the Moms and Pops of Seniors.

The Badgers are in a three-way tie going into the game with Burnet and Gateway College Prep.

## Lometa ISD Bond Election

The Lometa ISD has a regularly scheduled meeting on February 16<sup>th</sup> at 6:30pm at the Lometa School Library.

The agenda includes the following: recognition of staff and students, a public hearing on the Texas Academic Performance Report 2021-2022, to consider and take action to adopt a resolution to approve the engagement of Leon Alcala, PLLC to serve as bond counsel, consider and take action to adopt an order calling school building bond election, elementary and secondary school emergency relief funds (six month review), consideration of purchase of activity van, budget amendments and administrative reports.

Rob Moore, Superintendent of Lometa ISD shared with Lampasas Radio that the "bond election is to fund facilities improvement which primarily includes the upgrade of the current ag building and the construction of a new vocational building which will improve our existing production agriculture, building and trades, and welding programs, but also provide space for other vocational areas such as medical, computer programming, automotive, and emerging technologies."

## How 'smart' Home Devices like Doorbells and Thermostats are Allowing Hackers to Commit 'Digital Burglaries'

A story from the Daily Mail tells us that 'Digital burglaries' where hackers virtually enter households via smart doorbells and webcams to snoop and steal are becoming more common, experts have warned.

Everything from thermostats to webcams, speakers and doorbells provides a way for cyber criminals to spy on families and steal data and money. Experts told DailyMail.com that hackers regard the devices as easy prey, and use them for everything from theft to stalking to screaming abuse at victims through their own doorbells. Research by eMarketer suggests that up to 60 million households in America have at least one smart device installed.

Older, cheaper devices from China pose particular problems, says Marijus Briedis, CTO at NordVPN.

Briedis says: 'Devices linked to a (cont'd on back)

**There is a Red Flag Warning in Effect through Thursday!**

A search engine, Shodan, allows hackers and cybersecurity experts to find vulnerable cameras (which have a default password enabled, for example) and 'see through' the unprotected devices.

The search engine enables users to 'see' inside offices, homes and gardens around the world through unsecured webcams found via Shodan.

Previously, cybersecurity researchers have shown Shodan working to find insecure baby monitors, allowing attackers to 'see' directly inside bedrooms and cots. Hackers can also use smart devices to gain a 'foothold,' stealing information such as email addresses which can then enable theft, fraud or phishing attacks, Briedis warns.

'With most IoT devices linked to a household's Wi-Fi connection 24/7, they can be the perfect 'back door' for bad actors searching for a way to access your home network.'

## Badger Sports

### Lady Badger Basketball

Lady Badger Basketball hung it up last night after losing to Salado.

The score was 69-41. After finishing district play in 2nd place, the girls went up against Salado in the first round of the play-offs. It was a bad night for our girls with Salado jumping ahead in the first period and never letting up. At half-time it was 33-20 and it didn't get any better.

The high scorer in the game was Brooke White with 20 points.

### Badger Basketball

Badger Varsity Basketball is in Badger Gym tonight with a 6:15 Game against Burnet.

This is the last District game and there is one team at the top, Marble Falls, but Burnet, Lampasas and Gateway are close behind. Here are the district team standings:

Marble Falls 6-3

Burnet 5-4

Lampasas 5-4

Gateway Prep 5-4

Jarrell 4-5

Lago Vista 2-7

It's easy to see, that the standings could change. Either one of the 3-way tie teams could move up to 2nd place, but the 1st place team could find itself in a tie with one of these in the 3-way tie for 2nd.

At any rate, either Burnet or Lampasas will find itself with a 6-4 record after tonight's game, and the one coming out with the 5-5 record will move down to a possible tie with someone else, etc.

The Badgers hope for a big crowd in Badger Gym tonight to cheer them on against their favorite rival, Burnet.

### Lady Badger Soccer

**Lady Badger Soccer** hosts Academy tonight at 5pm at Lampasas High School for Senior Night.

### Badger Soccer

**Badger Soccer** travels to Academy tonight for games there.
