## Sculpture Garden Vandalized

A post from the Lampasas Police Department: "The Lampasas Police Department is requesting assistance from the community on vandalism that has occurred at the Hannah Springs Sculpture Garden. Two reports have been taken in the past week for damage to some of the art in the park. This is a horrible act of criminal mischief and the art is intended for all to enjoy, not to be damaged or destroyed. If you have any information please contact the Police Department at 512-556-6235 so that the person(s) responsible for this can get the attention that they need."

## Wildfire Danger Increasing

The potential for wildfire activity increases this week as cold fronts are forecast to impact the state.

By today, post-frontal conditions will become established across the state. Underlying dryness and dormant grasses combined with relative humidity values near 20 percent and northerly winds forecast over 20 mph will support wildfire activity in South Texas near Del Rio, Alice, Kingsville, McAllen and Laredo.

(cont'd from front) During the dormant fire season, which occurs during winter and spring, freeze-cured grasses across the state and increased wind speeds surrounding dry cold fronts support wildfire activity.
