Rabid Bat Found at Taylor Creek Elementary School

On March 24, 2022, a Copperas Cove Animal Control Officer was dispatched to Taylor Creek Elementary School, 2096 Big Divide Road, Copperas Cove, Texas, in reference to a deceased bat. The deceased animal was collected and sent for rabies testing at the Texas Department of Health Laboratory, Austin Texas. On March 25, 2022, Copperas Cove Animal Control received notification from the Texas Department of Health that the bat was infected with rabies.

Any citizen who believes they, or their pet, or has knowledge of a person or animal having any contact with a bat, or other wild animal in this area should immediately contact Copperas Cove Animal Control at (254) 547-5584 (after hours contact the Copperas Cove Police Department at (254) 547-8222).

Also contact your physician and/or veterinarian in the case of a

possible animal exposure.

Rabies infection is most common in Bats, Coyotes, Raccoons, Skunks, and Foxes. Signs of rabies infection in a human may include, but are not limited to fever, headaches, fatigue, respiration difficulties, possible paralysis or hyperactivity, and/or coma. Signs of rabies infection in pets may include fever, chewing at site of infection or bite, erratic behavior, walking aimlessly, general restlessness, skin irritability, sensitivity to light, aggression in animals not normally aggressive, and generally unnatural behavior for that animal.

Citizens are warned not to approach, touch or have any contact with wild animals, and to keep their pets from having contact with wild animals. Steps should be taken to safeguard their outside areas by covering garbage cans, not leaving pet food outside, etc. Anyone observing a wild animal acting strangely should contact Animal Control immediately

Texas Students Detained for Orbeez Challenge

Law Enforcement officials detained five Royce City High School students for participating in the TikTok 'Orbeez Challenge' on March 25.

The viral challenge involves using air guns to shoot Orbeez — gel beads that expand in water — at people. The gel beads are bigger than a BB, roughly half the size of a marble and can cause serious injury.

In a letter to parents, school officials said students involved in the challenge will face serious consequences. The students who were detained were caught in the parking lot before school doing the challenge.

Calling it "yet another senseless trend that is disrupting the school environment and causing a strain on law enforcement," the school urged parents to talk to their children about decision making. "The choices that students make today can significantly impact their future. Please be involved in their online presence. We need your help."

They also remind that the challenge is resulting in serious legal ramifications for students across the country.

Rockwall Police Chief Kirk Aldridge said no criminal charges were filed and the school administration will handle the matter.

Badger Sports

The Lady Badgers Softball team hosted the Brownwood Lions yesterday and came away with the win 9-8. Harley Wakeman toed the rubber for Lampasas Lady Badgers Varsity. Wakeman lasted four and two-thirds innings, allowing eight hits and three runs while striking out three and walking zero.

Lampasas Lady Badgers Varsity saw the ball well today, racking up eight hits in the game. Syx and Cantu each managed two hits to lead Lampasas Lady Badgers Varsity.

The ladies will be on the road in Stephenville next Tuesday.

The Badger Baseball team will be back in action on Tuesday March 29th as they host Gatesville.
