## The Weather

**The High yesterday 75° The Low this morning 57°**

Today the forecasters say look for a few showers to develop across parts of Central Texas, which may move to the east along I-35. Later tonight, any rain should move eastward. A cold front will move into our area after daybreak tomorrow. The National Weather Service says that while severe storms could form, the main issue is the unusual wet start to the year. With the possibility of days of rain, Central Texas could exceed normal April rainfall in the first week of the month, and localized flooding could become a problem. Behind the cold front, unseasonably cool air will move into the region Friday night, with most of us in the 40's. All things appear to be in place for an overrunning pattern, bringing rain and storms for much of the day Saturday. Sunday will be warmer with continuing rain chances.

**Today:** Cloudy with a high near 73° and a 50% chance of showers and storms. The wind will be S-SE at 10-15 mph.

**Tonight:** A 30% chance of showers and storms this evening, then drizzle early tomorrow morning with a slight chance of storms. Look for a low near 65° and a S-SE wind at 10-15 mph.

**Friday:** Patchy fog in the morning, then cloudy skies with a high near 74° and a S wind at 5-10 mph, shifting NE in the afternoon. There is a slight chance of showers and storms in the morning, increasing through the afternoon. The chance of rain is 80%.

**Friday Night:** There is an 80% chance of showers and storms with some storms possibly becoming severe. Winds will be N-NE near 10 mph and a low of 52°.

**Saturday:** Cloudy skies and a high temperature near 58°. Winds will be N-NE near 10 mph. There is a 70% chance of precipitation.

**Saturday Night:** 57° with cloudy skies, and light N-NE wind shifting E in the evening. There is a 40% chance of showers and storms.

**Sunday:** A high temperature near 74° with wind becoming E-SE near 5 mph in the afternoon. Showers likely with a storm possible, the chance of precipitation is 60%.

## Unconfirmed report of COVID 19 in Lampasas County Resident

According to an article in the Killeen Daily Herald, Coryell Health, Gatesville's hospital, announced Wednesday that it had received its first positive case of COVID-19.

Coryell Emergency Management Coordinator Robert Harrell stated the person was from Lampasas County.

Lampasas Radio spoke to County Judge Randall Hoyer, and he emphatically stated that they have no confirmation of this. Confirmation to the County Judge comes from the Region 7 Public Health Office, and at this time, no confirmation has been received.

Lampasas Radio also reached out to Dr. Georgia Hay, Lampasas County Public Health Authority who did confirm that while there was a positive case reported, it has not been confirmed that the person was a resident of Lampasas County. Lampasas Radio also reached out to Robert Harrell, Coryell County Emergency Management Coordinator and left a message. Lampasas Radio also called Coryell Health in Gatesville, and while they confirmed a positive test for the virus, they cannot say where the patient resided.

It appears that until a confirmation is received, this is all speculation.

## Tune in to hear Lampasas Public Health Authority on KACQ

### Lampasas County Public Health

Authority, Dr. Georgia Hay will be in the Lampasas Radio studios Friday morning at 8am to discuss the COVID-19 virus, and could possibly bring us an update on the unconfirmed case.

Be sure to tune in to 101.9fm KACQ or 1450am KCYL to stay up-to date!

## From Lampasas ISD....

Dr. Chane Rascoe stopped by Lampasas Radio studios today to bring everyone up to date on Lampasas ISD.

According to Dr. Rascoe, there is no decision yet on whether or not school will resume any time this year.

Dr. Rascoe spoke of the pride in the Lampasas ISD staff, from teachers and administrators to Nutrition to Custodial.

As a parent who is now doing home learning, if there is a technical issue, there is information at the LISD website to get assistance. Parents should also reach out to the teachers and principals if necessary.

He stated that the kids do need to be with the parent to pick up the meals at this time, for the curb-side pick up as the number of students have to be verified.

We will keep you up to date on LISD happenings.

## Message to Parents!

Parents of Lampasas ISD;

Though we are apart right now for our health and safety, we at Lampasas ISD continue to support each other as a community, and right now we must work together to fight COVID-19. In order to help prevent the spread of COVID-19, Lampasas ISD will be reaching out to you via email, phone, text message, and social media over the next two weeks to share vitally important guidance.

This guidance is based on what scientists know about how to prevent the spread of COVID-19, and it is our hope that you will do what you can to follow these practices and share them with your friends and family.

Thank you for all you are doing to educate your children at home and all the efforts you're making to keep your family healthy and safe. We know this is a difficult time. If we stand apart as a community during this stretch and continue following the public health practices we will be sharing over the coming days, we will be back together soon.

Stay well!

## Funeral/Death Notice
