Coronavirus Update

Dr. Hay advised Lampasas Radio that the Vaccine Event in Kempner is full, and will let us know when another event is scheduled. The event in Burnet has closed their scheduling. As we gather information about more vaccination clinics, we will pass it along.

Rabies in Lampasas

Lampasas Radio received this press release from the Lampasas Police Dept.: "On the morning of March 30th, 2021, City of Lampasas Animal Control Officer Joe Schwartzer picked up an apparently ill skunk that had been trapped in a yard at a house in the 500 block of South Main in the City of Lampasas. Two dogs at the home had contact with the skunk. Officer Schwartzer euthanized the skunk and it was submitted to a lab for rabies testing. On April 1st, Schwartzer was notified the skunk tested positive for rabies. If you have animals, please check the status of their Rabies Vaccinations, and make sure they are current.

Sales Taxes Revenue Down

Texas Comptroller Glenn Hegar today said state sales tax revenue totaled \$2.63 billion in March, 2.4 percent less than in March 2020. This amount, however, includes some revenue remitted in March that in normal circumstances would have been received by the state in February.

The majority of March sales tax revenue is based on sales made in February and remitted to the agency in March. This year, however, the Feb. 22 due date for state taxes and fees to be reported and paid was extended by one week, to March 1, due to the effects of the winter storm. After adjusting the March totals to account for March 1 activity, March sales tax revenue totaled \$2.46 billion, down 8.6 percent from March 2020.

"Adjusted for the effects of delayed payments due to the late February winter weather disaster, March state sales tax collections continued to slump below levels of a year ago," Hegar said. "Collections from all major sectors other than retail trade and restaurants continued to decline, led by depressed receipts from oil- and gas-related businesses.

"Some of the trends established during the COVID-19 pandemic continued, as remittances from online retailers, building materials stores and sporting goods stores continued to show strong growth over the previous year. Clothing and accessories stores and furniture stores showed declines, likely due to store closures caused by widespread power outages.

"Tax receipts from restaurants were up over the previous year's levels for the first time since onset of the pandemic, but the increase reflects the first month affected by the pandemic, as restaurant activity began to slow in the latter half of February 2020."

Total sales tax revenue for the three months ending in March 2021 was down 5.3 percent compared to the same period a year ago. Sales tax is the largest source of state funding for the state budget, accounting for 59 percent of all tax collections. While the effects of the COVID-19 pandemic continued to depress some sources of revenue, others are now exhibiting year-over-year when compared to a year ago when the effects of the pandemic had started to take hold.
