Texas Senate Bill 8

(The Texas School Voucher Program)

From the Texas Association of School Boards:

"The Texas House Education Committee this week postponed voting on Senate Bill 8, which would create an expensive education savings account (ESA) voucher program that would hurt our public schools. But now, the committee has set a meeting for Monday May 15, and public testimony is not being allowed.

This bill is bad for Texas students and parents:

* It would cost Texas big time. This bill would create an education savings account program that would give between \$7,500 and \$10,500 in state tax money to subsidize private school tuition for individuals receiving special education services, who are educationally disadvantaged, or who are attending public schools and have 504s, are in D- or F-rated campuses, or have siblings in the ESA program. That could be more than 75% of students in Texas.

*The bill requires more state tests. Proponents say that it eliminates STAAR, but in truth, it adds two tests every year for each grade in grades 3-8 and increases high school exams from five to six.

*The bill gives the education commissioner more control and removes all State Board of Education involvement in the state assessment program."

From Dr. Rascoe, Superintendent Lampasas ISD:

"The House Public Education Committee meets Monday, May 15th, to hear Senate Bill 8 (SB8), which is a school voucher bill. This is being heard in an "invited testimony" hearing only, which prohibits "open testimony" from the public. It is critical that citizens are able to have a voice on this issue and not be excluded from this process.

I have an obligation to make sure you understand the process and provide you with the opportunity to have a voice. To give you the opportunity to have a voice,
