## URGENT!

**As of 8am this morning, the weather/tornado siren in the City of Lampasas is not working correctly.**

Fire Marshall Ronnie Withers asks that Lampasas Residents that haven't already downloaded the Code Red App on their phones do so immediately. This will inform you when inclement weather is in the area. (KCYL and KACQ are also with the NWS Emergency Alert System, and will ping if there is a weather event.) Please help your neighbors if they do not have internet capable phones. The app is found on Google play store, or The App Store or at this link: <https://public.coderedweb.com/cne/en-US/BFF2144CIEES>.

If you have issues with the code-red download, contact the Lampasas Police Dept. for assistance.

Police Chief of Lampasas, Sammy Bailey also advised that all low-water-crossings in the city or county may not be marked. Please use caution. If there is water over the road, do not travel through the water.

The city and county of Lampasas are expecting enough rainfall to cause flash flooding, possibly through next weekend.
