TxDOT Eyeing Big Divide/190 Intersection

TxDOT is proposing the following changes to the Big Divide/190 intersection: (1) upgrading the existing roadway to freeway standards with one-way frontage roads (2) dividing the roadway with a 24' median and concrete barriers (3) constructing a grade separation (overpass) at Big Divide Road (3) constructing a grade separation (overpass) at Great Hills Dr.

TxDOT states that the purpose of the project is to improve safety by constructing overpasses at high-traffic intersections and providing safer access by constructing one-way frontage roads, and improve mobility by adding service roads.

This project spans approximately 2.3 miles and approximately 40 acres will be required for right of way. Some displacements are anticipated but have not yet been identified.

TxDOT will be conducting a virtual open house with an in-person option. The online version will be available by noon on June 15th and the in-person meeting will be at Taylor Creek Elementary School from 5:30-7pm on June 15th. At the in-person meeting, a presentation will be given at 6pm and questions will be answered by staff during the open house meeting. The public comment deadline is July 3rd for comments to be included in the official public meeting record.
