House Fire in Rumley

The Lampasas Fire Dept. was called out to Rumley Wednesday morning around 9am for a house fire in the 11900 block of FM 580E. According to Fire Chief Jeff Smith, due to the long response time because of the geographic location, the house was fully involved when they arrived. No one was injured but the house was a total loss. The family is staying at the Country Inn until permanent housing can be found.

TEA to Check Exterior Doors at Texas Schools

In the wake of the deadliest school shooting in state history, the Texas Education Agency plans to check whether hundreds of thousands of external school building doors lock properly before the next school year begins.

TEA Commissioner Mike Morath told Texas senators Tuesday that the agency will review external entry points of every school in Texas, which is about 340,000 doors. It will evaluate school facilities to determine what repairs may be needed to secure campuses.

Morath's comments came during a Texas Senate committee hearing about the shooting at Robb Elementary in Uvalde, during which a gunman killed 19 children and two teachers. At the same hearing, Department of Public Safety Director Steve McCraw said the law enforcement response to the shooting was an "abject failure" and police could have stopped the shooter three minutes after arriving. McCraw also told lawmakers (*cont'd from front*)

The afternoon shows a suspicious person reported in the 100 block of EE Ohnmeiss Dr. at 12:41pm, a theft reported in the 1400 block of 281S at 1:13pm and a runaway reported in the 1400 block of S. Main St. at 1:41pm. There was suspicious activity in the 1400 block of W. North Ave. at 1:43pm, a suspicious person was reported in the 400 block of N. Walnut St. at 1:52pm and a harassment was reported in the 1300 block of CTE at 2:35pm. On Samac Lane at 4:33pm there was a report of a suspicious person, and a suspicious vehicle was reported on the 100 block of E. 9th St. at 5:46pm and there was a reported disturbance in the 900 block of E. 3rd St. at 6:29pm. There was a suspicious person reported in the 2100 block of Rocky Mountain Dr. at 6:39pm. At 8:24pm, DeeDee Gilstrap, 41, of Lampasas was arrested in the 600 block of Brown St. on a Lampasas County Warrant for motion to adjudicate-possession of a controlled substance PG1 less than a gram. There was a suspicious person reported in the 100 block of S. Howe St. at 8:30pm and a suspicious vehicle was reported in the 800 block of N. Key Ave. at 11:42pm.

The Lampasas County Sheriff's Blotter shows Lometa with a theft. In Kempner there were animal issues, an accident, medical calls, and a reported trespassing. Out in the county there were reports of abandoned vehicles and an attempt to locate. Deputies went into Cove on livestock issues, a structure fire (see story) and a requested welfare check.

The Jail Log shows the arrest of Joshua Mize, 25, of Copperas Cove for possession of controlled substance PG 2 less than a gram.

(cont'd from front) the teacher who taught in the conjoined classrooms where the shooting occurred had flagged to the school administration that the door would not lock.

The Uvalde shooter entered the school through a back door, according to school surveillance footage. Authorities said a teacher closed the door and the automatic lock failed.

In the weeks since the tragedy in Uvalde, questions have swirled around the actions of police and whether some lives could have been saved if officers confronted the barricaded gunman sooner. Authorities have shared conflicting information about who was in charge, who confronted the shooter and when. A debate over whether the locked classroom doors could be breached gave way to the discovery that they may never have been locked at all.

Morath also gave more information on the 18-year-old shooter. He started being chronically absent in the sixth grade and in his last year at Uvalde High School, he failed every class except web design. Bettencourt asked if anyone on the school's threat assessment team should've noticed the chronic absenteeism and truancy as a red flag.

In Texas, it is mandated that schools have a safe and supportive school program team, which determines the risk an individual poses and what the appropriate intervention is.

"Any kind of ongoing absenteeism, I wouldn't call it threat assessment," Morath said. "The safe and supportive team should notice that and then begin the process of intervening."

Baby Formula Imports from Mexico

The Biden administration announced Wednesday that it is providing logistical support to import the equivalent of about 16 million 8-ounce baby formula bottles from Mexico starting this weekend, as part of its efforts to ease nationwide supply shortages caused by the closure of the largest U.S. manufacturing plant.

The Department of Health and Human Services is expediting the travel of trucks that will drive about 1 million pounds of Gerber Good Start Gentle infant formula from a Nestlé plant to U.S. retailers, the White House said, nearly doubling the amount imported to the U.S. to date. The White House has been working to make supply more available as it has faced pressure from parents over supply issues after regulators in February shuttered a Michigan plant run by Abbott that is the largest domestic manufacturer of baby formula over safety concerns. The plant reopened on June 4 after the company committed to additional sanitizing and safety protocols, but shuttered again more than a week ago after severe weather caused damage to the plant.

The company said it needs time to assess damage and re-sanitize the factory after severe thunderstorms and heavy rains swept through southwestern Michigan on June 13.

Wednesday's announcement also includes air shipments of 1.65 million 8-ounce bottle equivalents of Nestlé NAN Supreme Pro 2 infant formula from Germany to Texas this weekend, and 5.5 million 8-ounce bottle equivalents of Bubs infant formula in two shipments on June 26 and July 5.
