## Boy It's Hot Outside

The heat continues, even worse. The temperature today is expected to reach 103° with a heat index of 105° or higher, and it appears that will be the norm for the week.

With the extreme heat comes the electric grid problem. As air conditioners work harder, the demand for electricity becomes greater and our infrastructure is tested. The report from ERCOT, the Controller of the Texas Electric Grid shows that it has the capacity to withstand the pressure this week. However, ERCOT has sent messages to the electric co-ops, telling them to be prepared for rolling blackouts.

Who's to say at this point what the problems, if any, will be. One thing for sure, it's going to be hot. Our advice to all, hats and sunscreen are in order and please conserve electricity in any way you can.

Good Luck!

# Lampasas City Council to Meet

**The Lampasas City Council** will meet this afternoon for regularly scheduled meetings beginning with a workshop session at 5:30pm.

The agenda for the workshop session includes presentations from LCHEC and the Lampasas County Museum Board, discussion about the city pools and lap swim fees and the July 17<sup>th</sup> Council Work Session Draft Agenda.

The regular session will begin immediately following the workshop session and may begin before 6pm. The agenda for the regular session includes presentation of the Community Champion Award to Julie Salvato. The consent agenda includes discussion about the 2<sup>nd</sup> reading or an ordinance to amend the fee schedule for Fire Department permits, inspections and licenses. There will be board and departmental reports, and the City Manager's Operational Report will include information on the appraisal roll, the hostess house, the job fair and road projects. The new business agenda will include discussion and possible action on the following: pool lap swim fees, approval of funds from the joint use facility account to purchase and install a generator at the Highway 195 Pump Station that supports the Lampasas and Kempner water supplies and the Lampasas Central Appraisal District 2024 Budget. Also included in new business is discussion and possible action to accept a proposal from Central Texas Valet in the amount of \$20,000 for parking management, accepting a proposal from Lite & Barricade for traffic control management, and from Street Smart for portable security cameras in an amount not to exceed \$16,000 for the April 2024 Solar Eclipse Event.

The Council will then go into Executive Session relating to the authority of public power utility governing bodies to deliberate regarding competitive matters-utilities. Council will then reconvene for action on executive session items.

# TxDOT Meeting About 281N to Evant

**TxDOT** will be having local meetings concerning the construction on 281 between Lampasas and Evant. Tx Dot wants to widen US 281 between US 183 (Lampasas) and Live Oak Street (Evant) with two additional travel lanes for a total of four lanes, Improve safety by separating traffic with a grassy median, Add paved median crossovers along US 281 to facilitate access to and from both sides of the highway, however a narrower roadway section may be considered at specific locations with significant existing constraints.

The purpose of the project is to improve mobility by constructing additional travel lanes and increase safety by bringing the roadway up to current design standards, separating northbound and southbound travel lanes with a grassy median and upgrading other safety appurtenances (guard rail, sloped culvert end treatments, wide shoulders, etc.). The project spans approximately 28 miles and will acquire additional right of way adjacent to the existing corridor (acreage to be determined pending final design); displacements may also be required but have not yet been identified.

The Lampasas meeting will be July 25th at New Covenant Church 1604 Central Texas Expressway, Suite A. The Evant meeting will be July 27th at the Evant ISD Cafeteria at 339 Memory Lane.

A virtual meeting will also be available beginning on July 25th at noon and will be available for viewing until Aug. 14th at 11:59pm. The prerecorded video presentation will also be posted online.
