## Local Fire Departments Busy Yesterday

**The Lampasas, Lometa and Adamsville Volunteer Fire Departments** responded to multiple fires yesterday.

According to the Lampasas VFD, the first fire was on Lampasas County Road 2275 due to some live power wires igniting surround dry grasses. The Lampasas VFD, the City of Lampasas Fire Department and the Lometa VFD were on the scene of that fire. Lometa VFD Chief Bobby Odom said that Lometa then had a small fire that was extinguished, and Connie Green from Kempner shared that Kempner had an RV next to a home catch on fire, but was also extinguished quickly with no damage to the home.

Later yesterday afternoon a large grass fire ignited from a resident burning trash off of Lampasas County Road 3900 north of Adamsville. Fire crews were able to stop the fire from spreading and according to the Texas A & M Forestry Service as of 11:18 last night, the Spotted Opossum Fire (as it was named) was 110 acres and 65% contained.

The Lampasas VFD, along with The City of Lampasas Fire Department, Levita VFD, Evant VFD, Gatesville Fire Department, Adamsville VFD, Lometa VFD, TIFMAS, Texas Forestry Service, and Oklahoma Forestry Service (*part of a task force based in Gatesville, the one with the large aircraft*), responded. There were 2 helicopters and 4 smaller bush planes doing water drops as well. Forestry crews and fire crews remained on scene overnight to make sure it didn't start to spread again, and will be on scene today conducting mop up.

Yesterday was the 47<sup>th</sup> 100°+ day this summer; we have had no measurable rain in 46 days, since July Second.

Our local volunteer fire departments have been out on the front lines of these fires, and could use some donations from our communities of water and Gatorade. The Lampasas VFD will take donations at the Lampasas Fire Department at 1107 E. 4th St. For the Adamsville VFD, you can drop off donated water or Gatorade at Lampasas Car Care with Rusty by the Lampasas Middle School. And the Lometa City Hall will be the drop-off point for donations of water and Gatorade for the Lometa VFD.

## Kempner Water Update

Kempner Water released this yesterday from the General Manager of the Kempner Water Supply Corporation.

"The Intake Project at Stillhouse Lake is progressing. The divers must dredge the mud and silt away from the lower intake and this is taking longer than expected due to the wide area and the sheer volume of silt. We expect to have the intake extension completed by the middle of next week.

The interconnection with WCID 1 that we are working on will provide water when we must take the plant down for construction, like we are doing now. This will be beneficial for all Kempner Members and should also be completed sometime next week.

Kempner Water Supply remains under Stage IV Water Conservation requirements. We will continue to enforce these requirements as long as it is necessary. We appreciate all of you that have lowered your consumption significantly. Please continue to monitor your areas for leaks and report any seen to the office."

## Badger Sports

### Lady Badger Volleyball

**The Lady Badger Volleyball Teams** will be at the Gatesville Tournaments this weekend with Varsity playing today and Saturday and 9<sup>th</sup> and JV playing on Friday and Saturday. The ladies then head to Brownwood next Tuesday for non-district play.

### Badger Cross Country

**The Badger Cross Country** contingent will travel to Temple tomorrow for the Temple Invitational at Lions Park for their first race of the season.
