TEA Updates Public

Health Guidance

The Texas Education Agency reversed its previous stand on not notifying parents if a child in a classroom tested positive for Covid. The new guidance reads: "Consistent with school notification requirements for other communicable diseases, and consistent with legal confidentiality requirements, schools must notify all teachers, staff, and families of all students in a classroom or extracurricular or after-school program cohort if a test-confirmed COVID-19 case is identified among students, teachers or staff who participated in those classrooms or cohorts.

The TEA continues to allowing schools to conduct rapid tests on staff to mitigate the risk of asymptomatic individuals being on campuses. With written permission from parents, students also can be tested. Parents and school officials are to continue keeping students out of classrooms if they have COVID-19 or are exhibiting symptoms. Parents also can choose to keep their kids home for 10 days after learning their children had close contact with someone who contracted the virus, according to the new guidance. COVID testing for LISD students and staff is available. This will be the same process as last year.

Also noted by the TEA yesterday: "mask provisions of GA-38 are not being enforced as the result of ongoing litigation. Further guidance will be made available after the court issues are resolved."

For the kiddos we will have: A bounce obstacle course, Face Painting, and a Cake Walk.

There will be entertainment:
