## Public Tax Hearing for City of Lampasas

The City of Lampasas will have a Public Hearing on the tax increase for the 2021 tax year. The proposed new tax rate is \$0.3370 per \$100, up from the \$0.3217 per \$100 of last year. A Public Hearing will be held on September 7th at 5:30pm in the City Council Chambers 302 E. 3rd St. Lampasas.

The proposed tax rate is not greater than the voter-approval tax rate (\$0.3530 per \$100). As a result, the City of Lampasas is not required to hold an election at which votes may accept or reject the proposed tax rate. However, you may express your support for or opposition to the proposed tax rate by contacting the members of the City of Lampasas at their offices or by attending the public hearing.

The Mayor, TJ Monroe, as well as Randy Clark, Chuck Williamson, Herb Pearce, Zachary Morris and Bob Goodart voted for the proposal. Cathy Kuehne was absent.

## Extended State Unemployment Benefits End

Texas will soon stop paying extended benefits because of a decline in the state's unemployment rate, the Texas Workforce Commission announced Thursday.

The state has historically given unemployed Texans 26 weeks of assistance, but job losses during the COVID-19 pandemic triggered extended benefits, which provides an additional 13 weeks of benefits during periods of high state or national unemployment.

The last of the extended assistance will be given through the week ending Sept. 11, according to the Workforce Commission. Over the course of the pandemic, Texans could be eligible for up to 52 weeks of unemployment assistance because of federal coronavirus relief and the extended benefits.

The Workforce Commission did not immediately say how many Texans are on extended benefits. The commission has received more than 9.5 million claims since mid-March of last year.

Texas first received the additional weeks of assistance last summer, when unemployment surpassed the 6.5% threshold needed for these benefits to kick in. The current unemployment rate is at 6.2% and thus ending the need for the extension, the Workforce Commission said in another news release.

The U.S. Department of Labor notified the commission that the state's unemployment rate fell below the threshold needed to continue the benefits. The federal government funds 50% of extended benefits payments.
