TxDOT Future Plans

Governor Greg Abbott today announced the adoption of the Texas Department of Transportation's (TxDOT) 2023 Unified Transportation Program (UTP), advancing a record \$85 billion, 10 - year statewide roadway construction plan. The 2023 UTP reflects an unprecedented level of projected transportation funding dedicated to improving transportation safety, addressing congestion and rural connectivity, and preserving roadways for Texas drivers.

"The State of Texas is working to ensure the transportation needs of our fast-growing state are met and that the safety of Texans on the roadways is protected," said Governor Abbott. "TxDOT's 2023 Unified Transportation Program is a critical step toward addressing the diverse needs of Texans in rural, urban, and metropolitan communities. This 10-year plan to address transportation needs statewide and dedicate \$85 billion to improve roadways will be a huge boon to our state's infrastructure and booming economy. As more people move to Texas and businesses grow across the state, we are working together to make sure Texans' transportation safety and mobility are secured and businesses can flourish for generations to come."

The UTP funds will coincide with an additional \$32 billion over the life of the program for routine maintenance contracts and project development, such as planning, professional engineering, and right-of-way acquisition for more than 7,000 transportation projects and a total investment of \$117 billion statewide. Projects that will improve safety, mobility, and connectivity next year in the nine-county Brownwood District include \$13 million preventative maintenance project throughout the district, \$15 million rehabilitation project on SH 6 in Eastland County, \$17 million

rehabilitation project on SH 16 in San Saba County, and \$16 million widening project on US 281 in Lampasas County. Included in this UTP, the Brownwood District has been designated a total of \$477,981,714 for future projects. Projects are selected by TxDOT and local transportation leaders based on effectiveness in addressing criteria such as safety, pavement condition, capacity, and rural connectivity, with opportunities for public input at both the state and local levels.

Badger Homecoming Parade Information

From: LHS Student Council Sponsors Jenn Moore & Donna Lutz:

Let's get excited to come together and celebrate the return of homecoming with a parade! Thank you to everyone who has participated in the past. We'd love to have you back and see some new faces, too. ALL LISD classes and organizations are encouraged to enter a float. Community businesses are also welcome!

This year's theme is "Badgers Assemble" It will be Marvel-ous! We can't wait to see what you come up with for your Marvel Superhero/villain-themed float. Official judges will determine which floats are the best and name a winner who will receive the spirit stick.

Our parade is Wednesday, September 21. Line up is at 5:30pm, judging begins at 6pm, and the parade kicks off at 6:30pm (or as soon as our football boys get there). Please remember to have riders stay ON the float until parked off site at the LCEH Parking Lot, and NOT exit the float at the stadium. No candy, etc, should be tossed from floats - safety first! Pep rally will follow at the stadium - moved to HS Gym if we have rain.

*The Parade Entry Form must be completed by the end of the day Monday, September 19 in order to participate. Gather the following information before you fill it out - organization & sponsors names/contact info, description of float including length of the entire vehicle/trailer, number of participants, and if they are riding or walking. Please only submit this google form one time. Click link for FORM - parade ENTRY FORM

*A Minor Release Form must also be turned in for EACH student participating in the parade. We're asking each sponsor or LISD employee to have these on hand signed by a parent/legal guardian by the day of the parade. Please do NOT allow a student to participate without this form. We'll collect these forms from you before we begin the parade.

Please feel free to contact us at moorej@lisdtx.org or lutzd@lisdtx.org. Let's continue the support we showed in 2021 and GO BIG this year! We can't wait to see all of you there!

Public Tax Hearings

Lampasas County will be having their public hearing on the tax rate at 6pm on Thursday September 8th at the 1st floor Annex Conference Room at 409 S. Pecan St.

On the same day, at 6:15pm, the county will have their public hearing on the County Budget.

The City of Lampasas will hold their public tax hearing on Wednesday September 7th at 5:30pm at the Calvert Building on E. 3rd St.

The no-new-revenue tax rate would impose the same amount of taxes as last year if you compare properties taxed in both years. In most cases, the voter-approval tax rate is the highest tax rate a taxing unit can adopt without holding an election. In each case, these rates are calculated by dividing the total amount of taxes by the current taxable value with adjustments as required by state law. The rates are given per \$100 of property value.

This year's no-new-revenue tax rate: \$0.2894/\$100

Highest rate approved they can raise the taxes to without voter approval: \$.3157/\$100

This year's proposed tax rate is \$0.3156/100
