## Pick 'em Week 2

**Lampasas Radio** continues with the Pick 'em contest for the high school football games in our district, even the non-district games. Community members, Ike Coronis of Dominos, Joey McQueen the Lampasas High School principal, Pepper Procter owner of Procter Motors and Steve & Eve of Eve's Café will be trying to pick who will win each varsity football game for the teams in our district each week throughout the season.

For Lampasas vs. Northeast Early College HS, all 4 picked Lampasas. For the Burnet-Llano rivalry, Pepper picked Burnet with the others thinking Llano will pull it out. For Brownwood at Marble Falls, all 4 picked Marble Falls, and in the Canyon Lake vs. Fredericksburg game, all 4 picked Canyon Lake. Kerrville Tivy is headed to Comal Davenport, and Joey McQueen, Steve & Eve and Ike Coronis all chose Tivy to win, with Pepper going for Davenport. Taylor travels to Rockdale, and Steve & Eve chose Taylor, with Joey McQueen, Pepper Procter and Ike Coronis thinking Rockdale will win. For the Lometa at Blum game, Joey

McQueen thinks Blum will bring in the win, while Pepper, Steve & Eve, & Ike Coronis say Lometa will win.

## Kempner Water Rates Going Up

Kempner Water sent the following to Lampasas Radio  
Dear Members,

As a member of the Kempner Water Supply Company, we want you to understand what your water payments are used for.

Water is a precious commodity, especially in Central Texas, and as you know providing almost 6,000 customers high quality water over our coverage area is not an easy or inexpensive process. Kempner provides water to over 310 square miles across central Texas. We also provide water to Salado and Lampasas City. Daily, we purchase or deliver approximately 7 million gallons of water to our customers.

Your elected Board and Kempner management and employees take expense control very seriously on a daily basis. We have not raised our rates since October 2019. We have been able to absorb most of the increases in expenses thus far, but your Board has decided that we can no longer maintain the 2019 rate structure. (cont'd on back)

Key Ave. at 7:55pm. There was a shots fired call reported in the 300 block of E. North Ave. at 9:01pm and a suspicious vehicle reported in the 500 block of E. North Ave. at 11:52pm.

**The Lampasas County Sheriff's Dept.** for Thursday shows Lometa with a reported trespassing. (cont'd from front) Effective October 2022 the base rate for most residential customers will increase \$5 per month to \$75 and the water usage rate will increase from \$4.50 per thousand gallons to \$5.25. These increases are required to ensure we operate effectively and efficiently and that we are able to maintain and improve on the nearly 400 miles of pipe, 6 pump stations, 6 storage tanks and our Stillhouse Reservoir Water Treatment plant that processes 3.5 million gallons of water a day.

So where does your money go?

The base rate of your bill: This pays for our debt payments of \$2.6M (45%), The salaries of the 21 employees \$1.5M (26%), Administrative and engineering expenses \$.6M (10%) Utilities \$.5M (9%) and miscellaneous expenses like Insurance etc. for \$.6M (10%).

The water usage rate ( \$5.25 per 1000 gal.) of your bill recovers the maintaining and upgrading of the massive infrastructure \$1.3M (32%), Purchasing water and water rights \$1.6M (39%) and expenses related to operating the infrastructure including the field and water plant \$1.2M (29%)

This increase is in line with the US inflationary trends of the water sector. As Directors, we are also members, so we do not make these decisions lightly. Kempner Water Supply is a non-profit entity and governed by Texas regulations put in place to protect its members. Your Board of Directors are all unpaid volunteers who just want to make sure that when you turn on your faucet a high-quality product flows into your glass.

## Happy Birthday

"The ANRP Internship Program is one of few in the nation specifically geared toward transforming today's agricultural students into tomorrow's leaders,"

The program is in its 32<sup>nd</sup> year of sending students to Washington DC to work in congressional offices and other agricultural organizations. Since its inception, more than 1,100 Aggies have participated in the program. Each student receives course credit for their internship as well as a scholarship in the form of housing, which is partly supported by private donors and commodity organizations. To learn more about Dawson and his experiences, visit the program's website at [anrp.tamu.edu](http://anrp.tamu.edu).
