## Bi-District Champs

Badger Tennis traveled to Cleburne yesterday for the Bi-District matches.

From Coach Peiser: Tennis team headed to Cleburne yesterday morning to play the Bi District playoff match against Decatur. We had some mist but that was all. Overcast, breeze and cool temps made it a very pleasant morning for tennis.

We were both evenly matched. Arellano / Vasquez played some of their better tennis today to gain a win. Valdez / Valdez pulled out one at the #1 spot. Watson / Flores held on to win a close one. Zapata / Durbin won quickly. This gave us a 4-3 lead after doubles.

Abby Valdez came off with a decisive win

Allsion Valdez had a close two sets but won both. Calk won his singles match. Vasquez then came off with a win. Now up 8-3.

Now needing only two more matches - 4 players came off losing in the third set tie breaker. All matches were filled with back-and-forth nerves, from the players, spectators, and coaches. Shaw came back after being down but could not pull out the tie breaker, losing 6-10. Watson fought hard in the tie breaker but fell 11-13. Flores lost 5-10. Clements held on and came off with win while the other long matches were on. Zapata lost 7-6 (7), 6-7 (6) and 6-10 in the third set, about as close as a match can get. Rogers then came off with a straight set loss.

Now with two players left on we were up 9-8. Needing one more match. UGH...

Nate Champion won the first set, lost the second set and went to a third set tie breaker.

Elias Arellano won the first set but was close in the second set. Nate then pulled out the tie breaker 10-6 (our only tie breaker win out of 6 today) Elias then followed with a win.

**Making us BI DISTRICT CHAMPIONS.** With a score of 11-8.

The kids played hard and should be proud. As with all sports and life you have to find a way to persevere through nerves, anxiety, opponents' skill, and surroundings and get the job done. Today they did.

We play Vernon in Mineral Wells at 1pm at Mineral Wells High School on Friday the 15th.

## Flash Flood Watch in Effect

The potential for heavy rain will be increasing across much of Central Texas Wednesday and into Thursday, and due to that, a Flood Watch has been issued.

The only counties in Central Texas not included in the Flood Watch are Milam, Robertson, and Freestone. Areas under the Flood Watch could see rainfall totals ranging between 2-4", with some isolated higher amounts possible west of I-35. This heavy rain is due to the interaction of a slow moving cold front with increasing tropical moisture moving in from the remnants of Hurricane Pamela.

## The Blotter

**Lampasas Police Dept. blotter for Tuesday** afternoon shows a forgery reported in the 200 block of W. 3<sup>rd</sup> St. at 2:34pm, then a suspicious person was reported in the 300 block of S. Porter St. at 2:50. There was a noise disturbance in the 600 block of S. Western St. at 11:14pm.

**The Lampasas County Sheriff's Dept. Blotter** shows Lometa with a report of suspicious activity. In Kempner, officers dealt with animal issues, civil matters and an accident. Out in the county there were medical calls, civil matters, accidents, and reports of suspicious activity. Deputies went into Cove on civil matters and a reported theft.

The highest rain chances in Central Texas will be late Wednesday through Thursday morning, but some spotty showers will likely continue throughout the day Thursday. Rain chances will come to an end early Friday as a cold front moves through our area.

## Everyone's Quitting

(Associated Press) One reason America's employers are having trouble filling jobs was starkly illustrated in a report Tuesday: Americans are quitting in droves.

The Labor Department said that quits jumped to 4.3 million in August, the highest on records dating back to December 2000, and up from 4 million in July. That's equivalent to nearly 3% of the workforce. Hiring also slowed in August, the report showed, and the number of jobs available fell to 10.4 million, from a record high of 11.1 million the previous month.

The data helps fill in a puzzle that is looming over the job market: Hiring slowed sharply in August and September, even as the number of posted jobs was near record levels. In the past year, open jobs have increased 62%. Yet overall hiring, as measured by Tuesday's report, has actually declined slightly during that time.

The jump in quits strongly suggests that fear of the delta variant is partly responsible for the shortfall in workers. In addition to driving quits, fear of the disease probably caused plenty of those out of work to not look for, or take, jobs.

As COVID-19 cases surged in August, quits soared in restaurants and hotels from the previous month and rose in other public-facing jobs, such as retail and education. Nearly 900,000 people left jobs at restaurants, bars, and hotels in August, up 21% from July. Quits by retail workers rose 6%.

Yet in industries such as manufacturing, construction, and transportation and warehousing, quits barely increased. In professional and business services, which includes fields such as law, engineering, and architecture, where most employees can work from home, quitting was largely flat.

Other factors also likely contributed to the jump in quits. With many employers desperate for workers and wages rising at a healthy pace, workers have a much greater ability to demand higher pay, or go elsewhere to find it.
