## Lampasasradio.com

If you have logged on to the lampasasradio.com webpage lately, you have seen changes. KACQ and KCYL have been publishing videos of in-studio guests for a few weeks now, so if you miss the

interview, it is available for viewing later at your convenience.

With the onboarding of the streaming video feed of high school football games, came video commercials. Lampasas Radio's Casey Chapman, (the one responsible for the awesome video commercials), (pic left with broadcast team Darrell Brooks and Kenny), is

also doing a video news daily that includes a recap of what's going on in our town as well as "inside the fold" for some of the classifieds. KACQ is also working in conjunction with the Lampasas Animal Shelter to promote pets for adoption. Football sponsors were the first to see their commercials during the Badger home games, and many of our clients have seen positive results from the video commercials.

Lampasas Radio has packages for advertising that include on-the-air radio commercials, video commercials, and an ad in the Radiogram print publication. We will also customize a package that's just right for your business.

You can send an email from the website, or call 512-556-6193. As we continue to watch the Amazing Badgers, log in to our website and see if we can help you promote your local business.

## Coronavirus Update

In the State of Texas, 3,048 new cases were reported yesterday, and 4,226 Texans are hospitalized for Covid-19. We will have updated local numbers tomorrow.

## From TxDot:

### Pedestrian and Bicycle Safety

Fatalities from crashes involving pedestrians are on the rise in Texas and now account for nearly one in five of all of the state's traffic deaths. Last year, 668 people died in

pedestrian-related crashes in Texas, up by 5% from 2018, and more than 1,300 were seriously injured. Crashes involving bicyclists in 2019 also claimed the lives of 68 people and seriously injured 313. These numbers follow an alarming trend that has seen pedestrian and bicyclist fatalities increase over the last five years.

Safety officials attribute a primary cause of the increase to people's widespread failure to follow state laws designed to protect pedestrians and bicyclists. (cont'd on back)

*The county-wide burn ban goes into effect today at 5pm.*

To that end, TxDOT is kicking off a new public awareness campaign this month that urges all Texans to drive smart, walk smart and bike smart

No matter how Texans choose to travel, TxDOT wants them to know and follow state laws for safe driving, walking and biking. State laws mandate stopping for pedestrians in crosswalks, yielding the right of way to pedestrians and cyclists when turning, and passing cyclists at a safe distance and giving them room to ride.

Pedestrians should cross the street only at intersections and crosswalks, obey all traffic and crosswalk signals, and always use sidewalks when available. If there isn't a sidewalk, pedestrians should walk on the left side of the street or road, facing oncoming traffic.

Like drivers, bicyclists are required to obey all traffic signs and signals, including stopping at red lights and stop signs. State laws also dictate that those who ride bicycles must use hand signals when turning or stopping, ride with traffic, use bike lanes or ride as near as possible to the right-hand curb, and when riding at night, make sure their bikes have a white light on the front and a red light or reflector on the back.

## No-Parking on 281S

**From the Lampasas Police Dept.**

In an effort to safeguard against vehicle and pedestrian accidents along South Highway 281, Ordinance #1634 has been passed for no parking on either side of U.S. Highway 281 South from the intersection of West Tenth Street to the corporate city limits of Lampasas.

There is also an ordinance making its way through the City Council prohibiting anyone from crossing 281S from the light at Hancock Park south to the Lampasas County line.
