TxDot Meeting Tonight

The Texas Department of Transportation (TxDOT), in coordination with the City of Lampasas, invites you to participate in a virtual open house with an in-person option this evening from 5:30-7:30pm, to gain input through a feasibility study about a

potential Lampasas Relief Route. The online materials will be available by noon today.

This second open house will present proposed conceptual route options in response to public feedback received at the first open house. Although no specific route is yet determined, the study limits would connect US 281, US 183 and US 190 on the southern side of Lampasas to US 281 and US 183/US 190 on the northern side of Lampasas.

A TxDOT staff member will deliver a presentation at 6 p.m. A live question and answer period will not be conducted, however, questions will be answered by staff during the open house meeting. A prerecorded copy of the same presentation will be available in the virtual open house.

The public is encouraged to submit comments through the following ways:
