LCRA Offering Grants

The Lower Colorado River Authority is offering grants of up to \$50,000 for community projects throughout LCRA's wholesale power, water and transmission service areas. Applications for Community Development Partnership Program grants will be available online in January and must be submitted by midnight Jan. 31. Most grants are for \$25,000 or less, but several grants of up to \$50,000 are awarded every grant cycle. Eligible organizations include volunteer fire departments, emergency responders, local governments, schools, libraries, civic groups, museums and other tax-exempt nonprofit organizations. The grants are not available to individuals, for-profit entities, professional associations, social service projects or limited-use facilities.

Applicants requesting more than \$5,000 in grant funding must supply matching funds of at least 20 percent of the total project cost. The projects must benefit or be available to an entire community and also improve the value of a capital asset through building, renovating or purchasing equipment. Visit lcra.org/cdpp for information about eligibility requirements and recently awarded grants. The online application will be available on the webpage beginning Jan. 1. For questions, email grants@lcra.org or call 800-776-5272, ext. 3140 or ext. 1627.

Bill Proposed Banning

Tik-Tok in the US.

From the FCC: On December 13th, Congressman Mike Gallagher and Congressman Raja Krishnamoorthi introduced a bipartisan bill to ban TikTok. Companion legislation was introduced in the U.S. Senate by Senator Marco Rubio. Their

legislation would end all commercial operations of TikTok in the U.S. and other social media platforms that are sufficiently controlled or influenced by America's foreign adversaries, including China, Russia, and Iran.

Their legislation comes on the heels of a new wave of bipartisan concern with TikTok. Administration officials from FBI Director Christopher Wray to the Director of National Intelligence Avril Haines have spoken out publicly in recent weeks to note the extraordinary and concerning threats posed by TikTok. This bipartisan legislation follows strong action by at least ten Governors to ban TikTok from public devices in their states.

FCC Commissioner Carr issued the following statement: "This bipartisan bill demonstrates that the tide has turned on TikTok. There is now widespread consensus in the U.S. that TikTok presents an unacceptable risk both to our national security and to the safety and privacy of millions of Americans. That is why a broad cross-section of national security experts have gone public in recent weeks to express their concerns with TikTok's unchecked operations in the U.S. The question is no longer whether TikTok's ongoing operations will come to an end, but when.

Commissioner Carr added "I applaud Congressman Gallagher, Congressman Krishnamoorthi, and Senator Rubio for their strong and bipartisan leadership. As I have stated previously, I do not see a path forward for anything other than a ban. So it is time for the Administration to act with the urgency that this national security threat demands."
